

Blended Learning Plan T1

Class/ Subject	T1
Topic Areas	English – Greek myths and legends (various activities within this e.g character descriptions), SPaG, Handwriting, reading comprehension. Maths – multiplication and division. Science – periodic table – atoms and elements.
Methods Of Teaching	Face to face /in school teaching, differentiated work packs, MS Teams assignments, education city and prodigy maths
Assessment/Feedback	Students in school – I will mark the work completed and provide feedback written and verbally in line with the Marking Policy. Teams – I will mark and give feedback as and when students upload work. Work packs – as and when I receive the work packs back I will mark, give feedback and stick in books. Education city – I have set weekly tasks for English, maths and science – I can see when these are completed and the scores Prodigy maths – I have been setting the students challenges in relation to what we have and what we are learning – I can monitor the student’s progress in this and adapt challenges where necessary.
Communication with parents	I am in regular contact with some parents via email and myself or T1 staff are completing the 1x or 2x weekly phone calls – seeing how the pupils are, if any further work needs to be providing, any issues with the work and offering support where we can (laptops etc) Addressing any safeguarding concerns. Reviewing Provision Plans.
Interventions	Horse Therapy & Speech and Language Therapy.
