Monitoring and Evaluation of Pupil Premium spending

The Senior Leadership Team have a clear overview of how funding is allocated and a clear policy, agreed by Governors on how the money is spent and the affect it can make to pupil outcomes. We analyse which pupils are under achieving, especially in English and Maths and use data (PP reviews) to check whether interventions are working and make adjustments accordingly. We attach best teachers/teaching assistants to teach interventions and make sure TA/support staff are highly trained and understand their role in helping pupils achieve. All staff to give pupils clear and useful feedback about their work and highlight ways they can improve it. Support is targeted to improve attendance and behaviour and/or links with families and outside agencies where there are barriers to attendance or learning. Rowhill School monitors and evaluates the impact of each aspect of spending on outcomes for pupils by regular review of Pupil Progress data, attendance data and observing and measuring the impact of interventions.
